Key Dates and Information As Summer Winds Down

It's amazing how quickly the summer feels like it goes by, but we hope that each of you are enjoying the sunshine (and staying cool)! Above you'll find some key dates and information. Perhaps the most important date is that online registration begins on July 24th. If you were in our school district last year, this process should be extremely quick, as you will simply verify and update your information – Just click the Back to School Registration link when it becomes available. Any students who will be new in our school district must fill out the New Student registration information, but it will quickly be routed to us, and we'll be ready to welcome all students who will be at CES for the upcoming school year.

Right now, we still have an incomplete list of soon-to-be kindergartners, which is preventing us from completing and posting class lists, and we want to make sure we're fully staffed for all our students, so the sooner you are able to register, the more it helps us prepare for another fantastic school year. If you have any questions, please contact Mr. Renfrow (daniel.renfrow@deltaschools.com).

Parent Leaders for Next Year – We STILL Need You!

If you are interested in getting more involved here at CES and would like more information about what being a Parent Leader entails, please contact Mr. Renfrow (daniel.renfrow@deltaschools.com). He will then in turn communicate with the Parent Den leaders to help get you plugged around the first of August. It is impossible to overstate the importance of these roles in our school, and we are eager to connect with anyone who'd be interested in stepping up for CES!

More Info from Around CES

- There are still plenty of camps and activities this summer for your children to participate in, including football camps. Please contact Nate Hawkins – 856.3471 – for more information.
- We are starting to get more data back from our state testing done this past Spring, and the results are very encouraging. Currently that data is embargoed (meaning I can print or share it), but all signs point to our students learning at a high level. Please keep reading and learning with your students this summer!
